The specter of a biological attack – bodies rotting from anthrax, super-flu, Ebola – is the feared nuclear winter of the 21st century. Death could come creeping from any direction – a doorknob, a handshake, a piece of paper. And with modern technology, the ability to create bioweapons may not be limited to scientists in sophisticated laboratories. To date, bioterrorist attacks have been limited, yet the threat looms large in the public imagination and in political rhetoric. However small the risk, many governments consider it too large to be ignored; ensuring that terrorists are not able to acquire biological materials for use in a weapon has become one of the highest U.S. national security priorities.

How feasible is the scenario of mass death, really? How likely is it that terrorist cells or rogue states will develop and deploy bioweapons? In the post-9/11 world, what is the government doing – and what should be done – to address the threats that face us today? And how do we educate the public about the real risks of biological warfare and pandemics without precipitating massive “homeland insecurity?”

Join CCW for a panel discussion, moderated by Prof. Fredrik Logevall, director of the Mario Einaudi Center for International Studies, featuring:

- ◆ Kathleen Vogel, associate professor of science and technology studies; author of the forthcoming book, “Biothreats and Policy Logics”
- ◆ Amanda Ripley '96, CIW S95, TIME Magazine contributor; investigative journalist; author of “The Unthinkable: Who Survives When Disaster Strikes – and Why”
- ◆ Dr. Rocco J. Casagrande '95, managing director of consulting, Gryphon Scientific; former chief of the biological analysis lab for the U.N. Monitoring, Verification and Inspection Commission in Iraq, 2002-2003

Program:

7:00 pm - Registration/Reception/Networking (Please arrive early for Wilson Center security)
7:30 pm - Panel discussion and Q&A
8:45 pm - Join us for further discussion over coffee/tea/dessert in the Wilson Center boardroom
Cost: \$20, includes coffee/tea/dessert.

Metro: Federal Triangle (Orange/Blue lines).

Cornell on Capitol Hill – May 9th

CCW has invited the seven Cornell alumni presently serving in Congress to join us for an evening of conversation about their Cornell experiences and their journeys to public service. This should be a very enjoyable event, as we're asking everyone to leave their politics at work, and relax among friends to reminisce about the things that bring us together. Time, venue and cost for this moderated panel discussion are all in the works, so stay tuned.

A reception begins this event at the Arts Club of Washington, which is housed in the historic former home of James Monroe, dating from the early 1800s. While enjoying light cocktail refreshments, attendees can view its period furniture, furnishings and historic photos and take in artwork exhibited by local artists in the Monroe Gallery where the talk will take place.

Calling All Softball Players

Spring is fast approaching! Our Cornell softball team is excited to continue our participation in the Capital Alumni Network (CAN) League for the 2012 co-ed softball season. Approximately 70 teams participate each year playing a 14-game season that begins in April and concludes with an August playoff tournament. Games are played on weekdays and weekends, usually by the Washington Monument or Lincoln Memorial.

CAN is a fun and competitive league. We are coming off an exciting 2011 season in which we went 8-6 in the regular season and 2-2 in the tournament. This year, as every year, we are looking to improve by making our team both more fun and more competitive in the league.

Experienced players needed! We have a number of players returning, but always need more talented players, male and female. If you are interested in joining the team, please contact Josh Novikoff '03 at jbn6@cornell.edu or Steve Piekarec at spiekare@verizon.net. For more information about the league, visit the CAN Softball website at www.dalum.org. We hope to have practices and scrimmages in March and early April which is our best opportunity to check out interested new players.

CCW Scholarship Gala Raises More Than \$15,000

Cornellians and friends from the classes of 1956-2012 joined together on Saturday, Feb. 25, to support the Cornell Club of Washington Scholarship Fund. The evening was a lively affair that included dinner, silent and live auctions and a Cornell-inspired sing-along.

CCW Scholarship Chairs Melanie Gowen '09 and Nadene Reid '09 awarded the Conable stipend to Garrett Evenson '13 HUEC. The Conable award goes to two Cornell-in-Washington students each semester to help defray the costs of living in DC. They also reported on the four scholarships that CCW funds: The Kiplinger Scholarship, the Robert Daniel Ladd Cornell Club of Washington Scholarship, the Howard S. Epstein Cornell Club of Washington Federation Memorial Scholarship and the Cornell Club of Washington Cornell Tradition Scholarship.

The evening's success would not have been possible without the amazing support of the committee, sponsors, donors and attendees!
